What We Do?

Our main service is assurance services, namely public accountant services to provide confidence for users on the results of the evaluation or measurement of financial and non financial information based on a criterion. In the assurance assignment, the public accountant prepares a written report that includes an opinion or conclusion that confirms the assurance obtained regarding the company's financial activities which are the responsibility of a third party.

However, we also provide non assurance services such as accounting services, compilation of financial reports, preparation of individual annual tax returns, preparation of corporate annual tax returns, accounting training guidance and so on.

Our Achievements

Our achievements since becoming an auditor to becoming a public accountant.

- 01** We have audited many small, medium to large scale business entities.
- 02** We have audited public service agencies and state-owned enterprises.
- 03** We have audited business entities in capital market corporate actions.
- 04** We have been involved in many assurance engagements besides audits and involved in many non-assurance engagements with various types of business entities industries in Indonesia.
